### TEXAS TOBACCO SOLD.

One New York Firm Bought Sixty Thousand Proceeds. Willis, Texas, February 9.—Mosses. Owen

Smith & Co. today sold their crop of last year's tobacco to a New York leaf dealer. This crop consists of about 500 bales, or 60,000 pounds. The price is not known, but it is safe to say that a good price was obtained, as this tobacco is a fine grada and the same buyer bought a large quantity of Texas Havana tobacco last year and was well pleased with it.

well pleased with it.

This sale very much encourages the tobacco planters here, as the slow sale is the
only bad feature connected with tobacco
raising, and this is the first sale of last year's tobacco made, but this is explained by the tobacco not being ready for use be-fore now. If a warehouse of proper size and backing were located here it would fa-cilitate the handling of tobacco no little.

### SURGICAL OPERATIONS

FOR THE CURE OF PILES AND REC-TAL DISEASES NO LONGER NECESSARY.

A Medical Discovery Which Will Change the Treatment of All Such Disenses.

It has long been thought not only by some physicians but \( \sim \) people in general, that the common, painful and exceedingly annoying trouble, piles, was practically incurable by any other means than a surgical operation and this belief has been the cause of years of needless suffering, because of the natural dread of surgical operations.

There are many salves, cointments and similar remedies on the market which afford some relief in cases of piles, but the Pyramid Pile Cure is the only preparation so far introduced that can be reliably depended upon to cure to stay cured, every form of itching, bleeding or protruding piles.

Mrs. M. C. Hinkley of 661 Mississippi street, Indianapolis, was told by her physicians that nothing but a surgical operation costing between seven and eight hundred dollars, could cure her as she had suffered for fifteen years, yet even in such a case as hers the Pyramid Pile cure accomplished a complete cure. She says: "I knew an operation would be death to me and tried the Pyramid with very liftle hope and it is not to be wondered at that I am so enthusiastic in its praise."

Mr. D. E. Reed of South Lyons, Mich. says: "I would not take \$500 and be piaced back where I was before I used the Pyramid Pile Cure. I suffered for years and it is now eighteen months since I need it and not the slightest trace of the trouble has returned. The Pyramid Pile Cure is sold by nearly all druggists at 50 cents and \$1 per package and as it contains no optum, cocaline or other poisonous drugs can be used with perfect safety.

No one need suffer from piles in any form who will give this excellent remedy a trial.
